Re: Mid-Valley Drainage Management Plan

Dear Gordon Reiselt,

You are cordially invited to a public meeting for the Mid-Valley Drainage Management Plan. The meeting will be held in the Basement Hearing Room at Plaza del Sol (600 2<sup>nd</sup> St NW) from 6:00 pm to 8:00 pm on Tuesday March 20, 2012. The Study Area is marked on the attached flyer.

The City of Albuquerque is studying the Drainage & Storm Water Quality in the Mid-Valley Area. The Plan has identified deficiencies and recommends improvements. There will be an opportunity at the public meeting for members of the public to ask questions and provide input to the study team regarding the Drainage Management Plan.

Please call me at 768-2727, if you or your association is interested in learning more about this study.

Sincerely,

A handwritten signature in black ink that reads "John P. Curtin".

John P. Curtin, Project Manager  
Stormwater Management Section  
Engineering Division  
Department of Municipal Development
