

Apologies for the repeat email, but we have heard from several folks that they are not receiving our newsletters (see below). Please check your junk mail and spam filters. Due to the very large distribution list (over 10,000 email addresses!), we must use a mail service for these newsletters. If you have chosen to unsubscribe, please be aware that you may miss notification of public input opportunities.

We have also heard that the start time for the October 19 & 20 events may be too early for some. We will start the presentations at 5:45 for this reason, we will have a few print outs of the presentation for those who miss it, we will post the presentation on the project webpage, and if necessary, we will have a second presentation at the end of the meeting if there's enough demand.

Note: Parking is free at Plaza del Sol for the October 19 meetings, and parking underneath City Hall will be validated for the October 20 meetings!

- **Integrated Development Ordinance (IDO) Meetings** to share Module 1, including new proposed zones, allowed uses, and use-specific standards.

Integrated Development Ordinance (IDO)

Next week we hope to release a public review draft of Module 1, the first deliverable for the IDO, which will update and replace the City's zoning code.

The following week, Don Elliot of Clarion Associates will walk through Module 1 in a series of meetings with the public and agency stakeholders. We hope to see you there!
